SEEN, HEARD AND TOLD

By W. W. WHITAKER
When he feels like it.

(By Mrs. WWW)

The editor, W. W. W. Sr., who has had a slow time of it lately, said he wished he felt like writing a piece about Shag Trussell, defeated candidate for Constable, Beat One, being on the mourners bench.

Shag sent word to Whyte that he "aint never going to run on a dry ticket again."

Whyte also wants Keene Huffington, the power behind Henry Dunn, to explain why Henry, who, in his supervisor race in Beat 5, promised if elected, his salary to the courches and cemeteries of Beat 5, and ran last in that race, getting 15 votes.

Later: Mabel interviewed Keene as he sat at his polished desk in the Trust Bank and Keene's only comment, "he didn't have enough kin folks."

The editor also wants to write a piece about the contraption, the 5 telephones, the $5,375.00 fee, the attorney's fee of over $10,000 and the fact that eventually these fees will come out of McQuay's pocket. It may be legal, but is it moral?

Thanks to Mrs. J. J. Williams Jr. of Sarasota, Fla.; Earl Burkley of Hammond, La. and Mrs. Kate Lickfold Woodward of San Antonio, Tex. for renewals. Also Mrs. Bernard Ames, the former Florance Mitchell, now in Detroit who renewed.

We hope now to get Banker Colin Campbell at Nixon, Texas subscription straightened out. He paid so far in advance we got confused.

Mrs. Kirk and daughter, Mrs. Wofford of Drew will continue to get the GCW. Mrs. Kirk is a charter member. So will H. I. James in the Gore Springs neighborhood. Gore Springs is one of the very finest rural communities in Mississippi.

A new Lott on the list, SP-3 Paul F. Lott, soldier, who will get the GCW at Ft. Huachuca, Arizona.

Heard through Mildred Estes that Rice Lawrence from Phoenix, Ariz. is visiting over in Greenwood and had spent the afternoon with her husband, Sug Estes. Later: Rice came to see us at the GCW office.

Homer Williams came in and paid up for his and his mama's paper, Mrs. Van Williams, who is in Memphis with her daughter, Mrs. L. A. Payne.

Congratulations to Charlie Marascalco on the progress of his fine new building on old No. 8 Highway, across from Grenada Lake south entrance.

We heard that Carroll County went dry again, but we dont know.

We quote Whyte: Fellows running for the first time, who got the h— beat out of himself, got a good lesson. They will not spend the rest of their lives running for office. They also know that all folks who speak kindly to you, dont vote for you.

Clayton Carpenter and Billy Semmes attended the Coleman meeting in Jackson and both said "no beer was served." Beer can be bought most anywhere in Jackson. Its not against the law, Mississippi a big tax (black market) on every case sold.

Due to the heavy political advertisement this week, a lot of news and other matter was crowded out. We hope to publish it next week.

Also next week we will publish the rest of the official returns in the various races.

Our mat. Fred Austin fishes more and catches less fish than any body we know of.

Spivey Kent has got to be an ardent spinning fisherman.

Our retired friend, Jack Dyre, also does his part of fishing.

See brother Vickery, from Holcomb, over at Grenada Hardware corner, selling watremelons.

Our retired friend, Jack Dyre, also does his part of fishing.

How many police patrol cars does Calhoun City have?

Robert Shaw will soon open his new meat packing plant. Robert is a hustler.

We revised our mailing list last weekend, and hope we got it right. If we didn't we can always blame it on Mr. Austin.

See where our Free State subscriber, A. L. Pressgrove, candidate for re-election as supervisor, will be in the second.

Politics are tame in Grenada County, compared to Tallahatchie.

About the most remarkable person in Grenada is Nettie, a colored woman, who works for Vernon Williams from 4 a. m. until afternoon, then comes up on Green Street and works 2 or 3 hours each day for Lewis Marascalco. She works at least 12 hours a day 6 days a week. She is ONLY 96.

She was born a slave, and has the first dollar that she was paid as a free person.

It is about too hot for us to fish.

Sid Bailey was in town Saturday sporting a new pair of dark glasses.

Also seen in town on farmers holiday was A. G. Donley, an old subscriber of the GCW.

Earl is one of the hard-workingest men in Grenada, or any other county.

Shag Trussell took his defeat like a man.

Shag said that where he made his mistake was when he ran on a "dry" ticket. He said he was going to run on a "wet" ticket next time.

A fellow told me that Tom Neely was going to air-condition his place another year.

We extend our sympathy to the candidates defeated on August 2, and hope that the run-off candidates will keep their races as clean as the Supt. of Education, and the County Prosecuting Attorneys races were in the first.

People had a hard decision to make in the two races mentioned above, as all four are good men.

We mentioned before the election that in a lot of cases, the best man for the job wouldn't get to first base.

Neighbor Dennis is a pretty hard-working man himself.

Jack Shipp won a pool game one day last week.

Grenada hasn't got any more patrol cars yet!

Dear readers - please do not believe all of the rumors that you hear.

From the looks of the streets of Grenada at 3 Saturday afternoon, it must be too hot for people to get out.

CARD OF THANKS

I want to thank the people of Beat 4 that voted for me in my race for Constable.

Thank you.

For the splendid vote of confidence you gave me in my campaign for Sheriff, I sincerely say that I am grateful to each voter who cast his or her vote in my behalf. For the many nice compliments paid me by countless numbers, who could not support me for other reasons, I say THANK YOU too for I know you are my friends. I have no regrets for having made a campaign as I received an extra good vote for a first try, and I earnestly solicit your friendship through the coming years. I am indeed proud of Grenada County and have enjoyed my work during the past four years, and assure you that I shall continue to work in the interest of good government. I would like to say this to each one personally, but unless you come to me I have no way to express my gratitude to you except through the press. May God's richest blessings be yours.

HOME HINTS

HOME ECONOMIST

MISSISSIPPI POWER & LIGHT COMPANY

The Home Freezer

The home freezer not only preserves food, it stores nature's seasonal food abundance - frozen fresh - for year-around distribution. Time was, when, perhaps in January, we thought longingly of the delicious trout we caught last summer - the tender ears of golden corn we munched eagerly last August. No longer do we enjoy such foods for only a few fleeting weeks. Now we can freeze our way to daily feasting of these and other family favorites.

The advantages of owning a home freezer are numerous but I will discuss some of the ones I hear daily from happy new home freezer owners. First, the homemaker can freeze and store nearly all fruits and vegetables at their peak of freshness. Meats and poultry may be frozen in quantities and stored for months. All meats freeze well, including the variety meats. Also, game and fish may be frozen and enjoyed long after the "open season" is over.

Most busy homemakers are finding the wonderful convenience of baked goods and made dishes stored in the freezer. Extra quantities of pies, cakes, breads, etc are made and frozen when she is in the mood for a baking session. It only takes a few minutes longer to make an extra pie or cake - and you'll enjoy having one for that time when it will be urgently needed. Almost everyone mentions time and effort saved by preparing in advance for special occasions and holidays - mince pies, rolls, plum puddings, birthday cakes, canapes and party desserts are only a few of the many foods we can keep tasty and fresh until we want to use them.

Many homemakers mention the joy of being able to serve leftovers weeks or months later which are just as

To The People Of Beat One:

I sincerely appreciate the vote of confidence you gave me in the First Primary. I hold no ill will toward any of my opponents or those who voted for them. I solicit the support of every voter of Beat One in the Second Primary.

I will continue my campaign on a high plain, and have no promises to make other than to give impartial and efficient service to all the people of my Beat.

Sincerely yours,

TO THE PEOPLE OF GRENADA COUNTY:

First, let me take this opportunity to earnestly thank each of you for your kindness in putting me in first place in the Tax Assessor's Race in the First Primary. I am most grateful to you for your goodness.

During the past four years I have conscientiously tried to serve you as Tax Assessor as I knew you would want to be served, showing no favoritism, but treating each landowner's problem as though each was my own personal problem, which I knew to be consistent with the Golden Rule and thus, the way you would want your Tax Assessors Office run.

You realize, of course, that this office plays an important part in working with our industries and assuring them that Grenada County is interested in them, thus engendering their good will. My experience in this field and acquaintance with them will be used to help serve them and possibly induce them to further expand and thereby create more jobs for our people.

Now, while I am very conscious of the fact that the Tax Assessors Office belong to the people and not to me, and that no individual has any claim on it, nevertheless, there has always existed a custom of re-electing for an endorsement term, a public servant who has done a good job.

Therefore, if you feel that I have done a good job, I beg you to re-elect me Tax Assessor to this, an endorsement term, and I give you my word now, that if you do, I will not be a candidate for this Office next time.

I earnestly solicit your vote and want you to feel free to come by this Office any time you desire and discuss your problems, for this is Your Office and I am only your hired servant.

Trusting that you will give me a vote of confidence, I am

Respectfully yours,

Friends of the couple are cordially invited to attend the wedding.

Following the ceremony a reception for the wedding party and invited guests will be held in the church.

Assisting in serving will be Misses Martha Page, Heidi Moore, Margaret Mitchell all of Grenada, and Barbara McCurdy of Pope, Miss.

Miss Nell Rose Bain will preside at the bride's book and music will be furnished by Mrs. Vivian Page, pianist.

To the People of Grenada County:

In making up your mind as to whom you are going to support for Circuit Clerk, I hope you will permit me this opportunity of calling to your attention the importance of having in that office a man who has the background and the qualifications to handle the job. In addition to keeping all of the records of the circuit court, the Circuit Clerk is the one man in the county who is responsible for keeping the voter registration books and for passing on the qualifications of prospective voters. When all is said and done, it is the Circuit Clerk who decides what kind of an electorate we are going to have. That is too important and responsible a position to be entrusted at this critical time to anyone but a man who has demonstrated his fitness to do the job.

As your Circuit Clerk for the last four years, I have used what I have learned by experience in that office to keep the registration books of this county comparatively free of registrants who should not be permitted to vote. In addition, with my active backing and support, the legislature has recently passed a voter qualification law which, in the hands of a circuit clerk who knows what he is doing, can serve to keep our registration books free of unqualified voters. This new law requires that every prospective voter must take a written examination on the Mississippi Constitution before he can register. It goes without saying that we must have a circuit clerk who is fully qualified to give that examination and properly grade it. Only by having a Circuit Clerk who knows how to handle that important duty can we be assured of keeping our registration books in good order.

I have always tried to give the people of Grenada County the best that was in me. I do not believe that anyone can point to one thing that I have done as Circuit Clerk that has not reflected credit on this county. I am ready, willing, and anxious to continue to serve as your Circuit Clerk, and I hope you will feel that I am worthy of your continued support.

To those of you who supported me in the first primary, I can only say again that I appreciate more than I can tell you the fine vote of confidence that you gave me. To those of you who supported my opponents, I want to say that I shall welcome your help in the second primary. If you elect me on August 23rd, I shall strive to show my appreciation by giving you the most faithful, honest and conscientious service of which I am capable.

With appreciation, I am

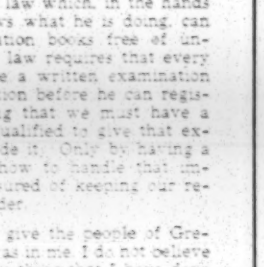
Food Fads



Much of the discussion you read these days pertaining to diet cults is misleading. Investigation will prove that many exponents of food fads are without training in even simple dietary management.

Questions regarding diet, which invariably affects your health and well-being, should always be referred to your physician. We supplement his service by filling your prescription promptly.

I take this means and opportunity to express my sincere appreciation for the wonderful vote of confidence and support that you gave me in the August 2nd Primary for Sheriff and Tax Collector.

Mere words are inadequate for me to try to express my appreciation so all I can say is just THANKS, and I say it from the bottom of my heart.

I wish to congratulate all of my opponents for the clean and honest campaign they conducted and to congratulate the two run-off candidates. I will be neutral in the 2nd Primary, and will extend my full cooperation to the best man after the election.

A special thanks go to the many workers and friends that supported me and worked in my behalf. It was impossible for me to see everyone.

I have been a life long citizen of Grenada County and I will continue to work for the people of this county, our Southern Way of Life, good government and good law enforcement and justice to ALL the people.

I say again THANKS, with humble and grateful appreciation.

It has been my constant aim and purpose to diligently serve you in the past eight years in such a manner that I might be a Clerk Grenada County could be proud to call their own, and a sincere promise is hereby given that I will strive to make this next term even better, as it has always been my desire to serve the people of Grenada County in the best possible way.

SATURDAY MORNING, AUGUST 13

AT 10:00 A. M.

A NOTE TO THE PEOPLE FROM CHARLIE WORSHAM:

It is with a great deal of regret that I am compelled to report to the people of Grenada County that a vicious whisper and smear attack on my character has recently been instituted by means of anonymous telephone calls. Several fine people in Grenada have reported to me that callers who refused to identify themselves have made slanderous and vilifying accusations about me, but have always hung-up tht telephone before identification of the caller could be made.

I expect these charges to be reported and to be repeated by unscrupulous gossip-mongers, and I am happy that I can brand all these charges made against me as completely false, untrue and not worthy of being repeated. I want to appeal to all the people to be not deceived by this attack on me and to help me overcome it.

You know that I am running on my experience and training and qualifications for the office of Circuit Clerk, and upon my record as a public servant. I will not engage in any smears or attacks on anyone in any race and I just ask that I be shown the same consideration.

Your friend,

C. J. "Charlie" WORSHAM

BILL CUNNINGHAM THANKS PEOPLE FOR THEIR FINE VOTE FOR HIM IN CIRCUIT CLERK'S RACE

It is with gratitude that I asy thank you for the fine vote that you gave me last Tuesday in my race for Circuit Clerk of Grenada County. My wife and five children join me in thanking all of you for your help.

I want to express my thanks to my four opponents who were eliminated from the race for the fine and clean campaign which they conducted, and I particularly want to thank my opponent in this second primary for the high type campaign that he has conducted so far, and I am certain that he will join me in keeping this campaign clean and free of mud slinging, which is unworthy of Grenada County people.

Again I ask the people to consider my unusual qualifications for this office.

One: I am a native-born Grenada Countian, married a Grenada County girl and have five children, including a boy with the Army in Korea now.

Two: I received my education in Grenada County schools with additional schooling in the Army and have the equivalent of a high school education.

Three: I am a member of the Holcomb Baptist Church and active worker in the church, and have always been devoted to Christian ideals.

Four: I am a member of the Veterans of Foreign Wars and the American Legion and have been working with veterans since before my discharge from the Army. I served almost 7½ years in Army with 26 months combat duty in World War II, during which time I won the Silver Star for "gallantry in action" together with eight other medals and ribbons for various duties.

I want to be your Circuit Clerk and I believe that my qualifications entitle me to your consideration on August 23, 1955. Please give me your vote and help and I will make you a good clerk and run the office right.

Your friend,

L. L. "Bill" CUNNINGHAM

JOHN E. ALDRIDGE THANKS THE VOTERS OF GRENADA COUNTY

It is with a grateful heart that I txpress to you, the people of my neighboring county, the deep appreciation my family and I feel for the magnificent vote you gave me on August 2 and for the efforts of those who actively assisted in my campaign. The splendid majority vote I received in Grenada County is heattwarming and inspiring.

The fact that I received a majority vote in six of the seven counties in this Fifth Judicial District challenges mt to even greater effort to carry on the duties of the office of District Attorney with economy, efficiency and effectiveness.

Sincerely,

Another advantage of freezing is that the foods retain more of their food value when frozen rather than canned. Frozen foods are handled only a little during the preparation for freezing and are not cooked at all before freezing. Canned foods are cooked at least twice, sometimes three times, during the canning process.

The cost to buy an electric freezer and then have food to fill the freezer is about the same as buying a good car and then filling the tank with gasoline.

the market.

Results of a survey conducted by Cornell U among freezer users show that when food was frozen rather than canned there was a 50 percent saving in time when shelling beans were used. Remember that meat and poultry are also included in preparation in the time saved. Another advantage is the convenience of not having to shop frequently because time is conserved.

Freezing is one of the methods of saving a meat and then the meat may be kept in the freezer for a long time.

Besides the many ways this may be done when we own a food freezer. We can't take advantage of frequent sales of foods in quantities and special sales of commercially frozen products - a real saving for the user almost. One company which gives their freezer customers the advantage of buying of chickens and whole-hog prices estimates that food savings are many ways. This may be done when we own a food freezer. We can't take advantage of frequent sales of foods in quantities and special sales of commercially frozen products - a real saving for the user almost. One company which gives their freezer customers the advantage of buying of chickens and whole-hog prices estimates that food savings are so great that an average family can easily pay for the freezer with their savings in 24 months.

Did you know that for all of the above advantages enjoyed by owning a home freezer the operation cost for the average family is one that the price of a Coca-Cola a day? If you are not one of the many happy home freezer owners, why not become one today?

Having been one of the two selected for the run off in the race for Sheriff of Grenada County, I want first to thank you for the wonderful vote you gave me, and assure you that I do appreciate this vote as there were 7 fine men in this race and all have their friends, so I feel that you did give me a fine vote. Now that the race has narrowed to two men, I am appealing to you to remember me for this high office in the coming Primary August 23rd. I again make this promise to you, that if elected I shall devote my time and efforts to make you a Sheriff that you will be proud of, and assure you that with the help of God I shall enforce the law fair and impartially to all people alike and try to make Grenada County a better place in which to raise our children.

There are rumors that I am going to employ a certain man as Deputy. This is not true. I have made no commitments and will not until I am elected.

Standing Alone

Lesson for August 14, 1955

THEN what? What happens next? What is going to happen to me if I don't do what you want? What does "or else—" mean? If the person who asks such questions doesn't get answers he likes, but goes right on in his determined way, we say he is brave. If a man does what he does when everybody else is doing it, when he gets well paid for it, praised and rewarded, we do not call that brave. But when a man does what he does knowing pretty well that he will get hurt because he does it, we call the man brave.

Dr. Foreman

Two Kinds of Courage

There are two kinds of bravery or courage. One we call physical courage, the other is moral courage. The physical hero dashes into a burning building or into a swift river, to save some one else at real peril to his own life. He may refuse to disclose an important secret even though he is being tortured to make him reveal it. The moral hero stands up for what he knows is right even though this makes him unpopular or ridiculous in the eyes of people whose good will he would like to keep. We might say that physical courage is determination in spite of the prospect of bodily pain; moral courage is determination in spite of the prospect of mental or spiritual pain. Sometimes the two are combined in the same act and the same person, as with Daniel in the stories assigned for this week. Moral courage being rather more unusual than physical, let us take a look at that, especially.

Ridicule

Standing with the crowd never takes courage. Standing alone against the crowd always calls for courage, no matter what the crowd is carrying. Are they picking up stones? Then facing them calls for physical courage. Are they laughing their heads off? Then facing them calls for moral courage. The one thing that most people are afraid of more than anything else is being laughed at. Ridicule can be as cruel as any instrument of torture. Even men with a keen sense of humor don't like to be made fun of. Why do people who really know better, who down in their consciences know it is wrong for them to drink, drink and even get drunk all the same? The reason is, they can't stand being laughed at. It takes courage to stand alone against a laugh!

Contempt

Most men do not like to admit having made a mistake. It sounds a little like admitting one was a fool. And it has been observed that most men can more easily admit to being knaves than fools; we would almost rather be wicked than look silly. We can stand opposition more easily than we can stand contempt. But that is exactly what calls for moral courage in the man who stands alone. No one likes to be looked down on, no one likes to be thought of as so stupid or out-of-line that no one will respect him. But that is what young Daniel was facing in Babylon, it is what many today have to face. To take our temperance illustration again: Why do many people drink alcoholic liquors against their better judgment? They can't stand up against the crowd. Within the memory of living men there was a White House hostess who would not serve liquor at State dinners, no matter who was there. Many foreign ambassadors wrote home contemptuously about it; but she stood to her convictions. Not many have courage of that sort.

Loneliness

"Dare to be a Daniel, dare to stand alone!" is easy to sing, hard to do. The sheer weight of numbers overpowers people. They will climb aboard any bandwagon if it looks crowded; they will not venture into a heavenly chariot if they have to ride alone. It takes a little moral courage to stand up and be counted with a minority. It takes a great deal more to stand up and be counted THE minority of One. But such courage is possible. Daniel showed it; he showed that his moral courage was matched by his physical courage. And after all, he was not in the minority after all. God was on his side, or rather he was on God's side; and that made the difference. Many a time a good cause has been lost not by weakness but by cowardice; but on the other hand good causes have been saved by men who believed in their rightness so deeply that rather than deny their faith, they would be buried alive in loneliness.

TO THE PEOPLE OF GRENADA AND MONTGOMERY COUNTIES

I take this opportunity to express to everyone my sincere appreciation for the excellent vote given me in the First Primary. And to the many who gave so unselfishly of their time on my behalf I will ever be grateful.

I humbly solicit the help of everyone in the second primary on behalf of my candidacy for the office of Floater Representative for Grenada and Montgomery Counties.

I pledge to you people of Grenada and Montgomery Counties the type of service to which you are entitled from your Representative. Your welfare shall always be my chief concern, and I shall always remember and be grateful for your vote and support.

Thank you,

"THANK YOU, THANK YOU, THANK YOU"

To The People of Mississippi:

There will never be words sufficient to express the gratitude I so sincerely feel to you for the wonderful vote given me on August 2nd.

Because of the faith, the trust, and the generosity of the people, we led the ticket in more counties than did any of our honorable opponents. We came within only 3 percent of the total vote of leading the ticket in the entire State.

In the face of this great expression of confidence, we remain as humble as ever before, and we shall always remain so.

We earnestly ask our friends to redouble their efforts in the second primary. Over-confidence will gain us nothing.

We must earnestly seek the help of all those who considered it to be their duty to support some other candidate in the first primary. We warmly welcome those who supported Mrs. Cain, Mr. Barnett, and Gov. Wright in the first primary. We likewise hope that upon further consideration those who voted for Mr. Johnson will now decide that they should vote for one who has devoted his life to the public service of his fellowman - one who is fully prepared mentally, spiritually, and physically to stand between the people and the troubles of the next four years to come.

Please help us, friends, and we shall never cease to be grateful; we shall never cease to serve your best interest.

We look forward to hearing from you again on August 23rd.

Respectfull and sincerely your friend,

Having been one of the two selected for the run off in the race for Sheriff of Grenada County, I want first to thank you for the wonderful vote you gave me, and assure you that I do appreciate this vote as there were 7 fine men in this race and allhave their friends, so I feel that you did give me a fine vote. Now that the race has narrowed to two men, I am appealing to you to consider me for this high office in the coming Primary August 23rd. I again make this promise to you, that if elected I shall devote my time and efforts to make you a Sheriff that you will be proud of, and assure you that with the help of God I shall enforce the law fair and impartially to all people alike and try to make Grenada County a better place in which to raise our children.

There are rumors that I am going to employ a certain man as Deputy. This is not true. I have made no committments and will not until I am elected.

When you go to the polls make an X for T. J. "Jeff" STATEN for Sheriff. Your vote and influence will be greatly appreciated.

Standing Alone

Lesson for August 14, 1955

THEN what? What happens next? What is going to happen to me if I don't do what you want? What does "or else—" mean? If the person who asks such questions doesn't get answers he likes, but goes right on in his determined way, we say he is brave. If a man does what he does when everybody else is doing it, when he gets well paid for it, praised and rewarded, we do not call that brave. But when a man does what he does knowing pretty well that he will get hurt because he does it, we call the man brave.

Dr. Foreman

Two Kinds of Courage

There are two kinds of bravery or courage. One we call physical courage, the other is moral courage. The physical hero dashes into a burning building or into a swift river, to save some one else at real peril to his own life. He may refuse to disclose an important secret even though he is being tortured to make him reveal it. The moral hero stands up for what he knows is right even though this makes him unpopular or ridiculous in the eyes of people whose good will he would like to keep. We might say that physical courage is determination in spite of the prospect of bodily pain; moral courage is determination in spite of the prospect of mental or spiritual pain. Sometimes the two are combined in the same act and the same person, as with Daniel in the stories assigned for this week. Moral courage being rather more unusual than physical, let us take a look at that, especially.

Ridicule

Standing with the crowd never takes courage. Standing alone against the crowd always calls for courage, no matter what the crowd is carrying. Are they picking up stones? Then facing them calls for physical courage. Are they laughing their heads off? Then facing them calls for moral courage. The one thing that most people are afraid of more than anything else is being laughed at. Ridicule can be as cruel as any instrument of torture. Even men with a keen sense of humor don't like to be made fun of. Why do people who really know better, who down in their consciences know it is wrong for them to drink, drink and even get drunk all the same? The reason is, they can't stand being laughed at. It takes courage to stand alone against a laugh!

Contempt

Most men do not like to admit having made a mistake. It sounds a little like admitting one was a fool. And it has been observed that most men can more easily admit to being knaves than fools; we would almost rather be wicked than look silly. We can stand opposition more easily than we can stand contempt. But that is exactly what calls for moral courage in the man who stands alone. No one likes to be looked down on, no one likes to be thought of as so stupid or out-of-line that no one will respect him. But that is what young Daniel was facing in Babylon, it is what many today have to face. To take our temperance illustration again: Why do many people drink alcoholic liquors against their better judgment? They can't stand up against the crowd. Within the memory of living men there was a White House hostess who would not serve liquor at State dinners, no matter who was there. Many foreign ambassadors wrote home contemptuously about it; but she stood to her convictions. Not many have courage of that sort.

Loneliness

"Dare to be a Daniel, dare to stand alone!" is easy to sing, hard to do. The sheer weight of numbers overpowers people. They will climb aboard any bandwagon if it looks crowded; they will not venture into a heavenly chariot if they have to ride alone. It takes a little moral courage to stand up and be counted with a minority. It takes a great deal more to stand up and be counted THE minority of One. But such courage is possible. Daniel showed it; he showed that his moral courage was matched by his physical courage. And after all, he was not in the minority after all. God was on his side, or rather he was on God's side; and that made the difference. Many a time a good cause has been lost not by weakness but by cowardice; but on the other hand good causes have been saved by men who believed in their rightness so deeply that rather than deny their faith, they would be buried alive in loneliness.

TO THE PEOPLE OF GRENADA AND MONTGOMERY COUNTIES

I take this opportunity to express to everyone my sincere appreciation for the excellent vote given me in the First Primary. And to the many who gave so unselfishly of their time on my behalf I will ever be grateful.

I humbly solicit the help of everyone in the second primary on behalf of my candidacy for the office of Floater Representative for Grenada and Montgomery Counties.

I pledge to you people of Grenada and Montgomery Counties the type of service to which you are entitled from your Representative. Your welfare shall always be my chief concern, and I shall always remember and be grateful for your vote and support.

Thank you,

JUANELL LOLLAR

"THANK YOU, THANK YOU, THANK YOU"

Judge J. P. Coleman

To The People of Mississippi:

There will never be words sufficient to express the gratitude I so sincerely feel to you for the wonderful vote given me on August 2nd.

Because of the faith, the trust, and the generosity of the people, we led the ticket in more counties than did any of our honorable opponents. We came within only 3 percent of the total vote of leading the ticket in the entire State.

In the face of this great expression of confidence, we remain as humble as ever before, and we shall always remain so.

We earnestly ask our friends to redouble their efforts in the second primary. Over-confidence will gain us nothing.

We must earnestly seek the help of all those who considered it to be their duty to support some other candidate in the first primary. We warmly welcome those who supported Mrs. Cain, Mr. Barnett, and Gov. Wright in the first primary. We likewise hope that upon further consideration those who voted for Mr. Johnson will now decide that they should vote for one who has devoted his life to the public service of his fellowman - one who is fully prepared mentally, spiritually, and physically to stand between the people and the troubles of the next four years to come.

Please help us, friends, and we shall never cease to be grateful; we shall never cease to serve your best interest.

We look forward to hearing from you again on August 23rd.

Respectfull and sincerely your friend,

J. P. COLEMAN

GOZA-DENNIS WEDDING ANNOUNCED

Mr. and Mrs. J. E. Dennis of Grenada, announce the marriage of their daughter, Beverly, to Robert Louis Goza, Jr., the son of Mr. and Mrs. R. L. Goza of Hobart, Ind., formerly of Louise, Miss. on April 9, 1955, at the home of the grooms grandmother, Mrs. Sutherland in Louise, Miss. This announcement comes as a surprise to their many friends who are interested in these fine young people.

The bride graduated from Grenada High School and attended MSCW where she was a member of the Maskers and Guantlets social clubs, Phi Delta Epsilon journalism fraternity, and the Lantern, freshman society and the Torch, junior society. She has completed her junior year at MSCW.

The groom graduated from Canton High School and Mississippi State and now is attending Law School at U. of Mississippi.

He is a member of Kappa Alpha social fraternity, Phi Delta Phi honorary law fraternity, Moot Court Board and president of his law class and on the staff of Miss. Law Journal. He served in the armed forces and now plans to continue his studies at Valparaiso U., Indiana.

They will make their home in Hobart, Ind. We understand the bride is to continue her college education as a senior at Valparaiso U.

We welcome a new subscriber, Perry Horton, to our slowly growing mailing list. There are a lot of Hortons this year.

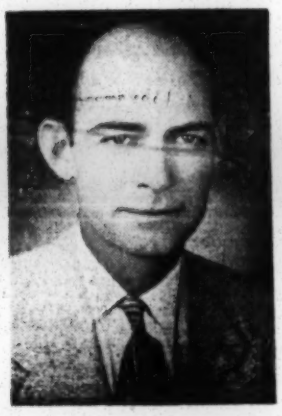
Paul Johnson For Governor



THE JACKSON CLARION—LEDGER ENDORSED THE CANDIDACY OF PAUL JOHNSON WITH THE FOLLOWING EDITORIAL APPEARING ON PAGE ONE OF ITSAUGUST 4TH ISSUE:

Yes! This Is Indeed Paul Johnson's Time

(An Editorial)

We have a sincere conviction that the best interests of Mississippi will be served in the four critical years ahead by the election in the second primary on August 23 of Paul B. Johnson as governor.

He is youthful enough, at 39 years of age, to bring to the executive office the vigor, the ambition and the perseverance necessary to secure passage into law of the very superior platform on which he has he has made the successful first primary race.

And he is seasoned enough in Mississippi politics and the rubbing elbows with his fellowman to use diplomacy, administrative skill and a pliable personality to work with the legislators in the enactment of that far-sighted and comprehensive program for our commonwealth.

Paul Johnson has a desire to serve the people of his state that is genuine and deep-seated. He has studied Mississippi and its people, their needs and their desires. And he has fashioned a program that will, within the limits of our tax structure, secure the most of these benefits at the least expenditure of revenue collected from the people.

The previous Johnson administration went down in Mississippi history as a conservative one, and one of building and strengthening state resources at the same time. We are confident Mr. Johnson is imbued with the same spirit of watching closely the state's credit and financial stability. We are equally confident he will give closest attention to the promotion of the general good of the greatest number of Mississippians.

It was a combination of the Johnson personality and the Johnson platform that earned for him the leading spot in the voting on Tuesday. The Johnson platform drew such strong public approval that several of its planks, originally propounded eight years ago, were "borrowed" 4 years ago and again during the current campaign by some of his opponents.

The Johnson program of 29 sound points of progress is headed by the unconditional pledge that he will maintain and support segregation of the races "in our schools and every place else."

Mr. Johnson favors streamlining of the state government for economy in operation, for adequate but not necessarily equal schools, within the state's ability to pay for them, and an eventual $2,400 minimum salary for teachers, plus opposition to "super" consolidation plans.

He urges revitalization of the state's industrialization program, aid to farmers in their continuing progress, improvement of timber resources, forestry insurance, long-term credit for Timber-owners and better-marketing facilities for timber and pulpwood.

Mr. Johnson will fight to repeal the Black Market Tax; and on Old Age assistance, pledges not promises but action for the old, blind, handicapped and the helpless children.

There are some of the highlights of the program that we will review in greater detail as the campaign progresses.

Sufficient to say now that we believe Paul Johnson is the man who will best serve his people in the four years ahead,—and for this reason we support him and solicit your support in his victory drive.

This is Paul Johnson's time.

IMPORTANT ANNOUNCEMENT

There will be a meeting of all Grenada County workers for Paul Johnson for Governor at Grenada Meady Mix (Grady Green) building at 7:30 Thursday night, August 11th. If you want an active part in this campaign to return Government in Mississippi to the people attend this meeting.
